SKILLS

• basic knowledge
• intermediate knowledge
• excellent knowledge

```
const coding =  
["HTML", "CSS", "Javascript", "Typescript"];  
const frameworks = ["React", "NextJS", "NodeJS",  
"Express"];  
const styling = ["TailwindCSS", "SASS",  
"styled-components"];  
const versionControl = ["Git", "Github"],  
const stateManagement = ["Zustand", "Redux"],  
const databases = ["Mongodb", "Postgres"];  
const softSkills = ["Problem solving", "Team  
Working", "Adaptability", "Curiosity", "Continuous  
Learning", "Critical Thinking"];  
const languages = ["Italian(native)", "English",  
"Spanish"];  
const graphicDesign = ["Adobe Illustrator", "Adobe  
Photoshop"];
```

EDUCATION

2025 - in progress | FreeCodeCamp Certification

I'm studying to obtain the certification of FreeCodeCamp Frontend Development course

2019 - in progress | self-taught learning

Self-taught learning focused in Frontend Development reading documentations, watching video-courses in Udemy and Youtube

2015 - 2020 | Sismondi Pacinotti technical institute

graphic design high school diploma with a grade of 80 out of 100

2019 | Web development course

6 months beginner web development course financed by school where i acquired skills on HTML, CSS, Javascript and JQuery

2018 | linguistic internship

2 weeks internship in Salisbury, England

ABOUT ME

I'm a Junior Frontend Developer with a strong passion for creating clean, interactive, and user-friendly web interfaces. I specialize in React, TypeScript, and Tailwind CSS, which are my core strengths.

I started experimenting with code about 6 years ago, taking a basic HTML and CSS course in high school, and have since continued learning as a self-taught developer using resources like Udemy, YouTube, and FreeCodeCamp.

Along the way, I've also gained some basic backend knowledge, which helps me understand the full ecosystem of web development.

Now, I'm ready to take the next step: start working professionally, grow through real projects, and actively contribute to a development team.

I'm always eager to learn, improve, and take on new challenges in the world of web development.

WORKING EXPERIENCE

2020 - 2025 | Scot srl in Florence

I have acquired skills on meetings/congress video management using either video mixers like Barco S3/Atem Mini or software like OBS/VMIX and i have managed audio and video flows on online platforms like Zoom Workplace, Microsoft Teams and Webex.
